

Enabling inter-generational
and cross-country learning

YOU'RE INVITED

We would love for you to join us on our national roadshow to introduce the Farmer Exchange, a free online agricultural community where Aussie primary producers connect in a safe farmer-to-farmer environment.

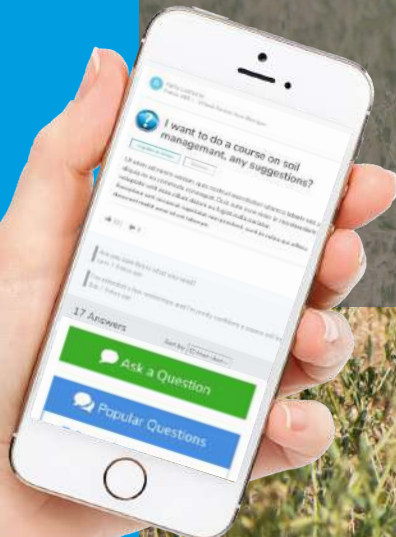

We welcome all from across the region to join us for the event.

Connect with other farmers, learn about the Farmer Exchange, the Farm Table and be one of the first to test this industry-changing service system.

Learn more about the Farmer Exchange [here](#).

Facebook event
